A "Lead" document, is any filing that needs to be filed or issued through the Circuit Clerk's Office. Unless you are filing an exhibit that would be attached to another document, most filings should be uploaded as "Lead" documents.

An attachment is considered an exhibit or other document in support of a "Lead" document. Attachments do not get a "Filed" stamp or registered as a document in our record management system, they are simply attached to the "Lead" Document.
